

R Summer Institute—Digging Deeper

The Data User Group, in collaboration with the Toronto and Barrie region MISA PNC's are sponsoring a two day workshop focused on the use of R.

This two day workshop is an extension of the "Introduction to R - Towards Reproducible Research" workshops held earlier this school year, and is also designed to be an entry point for learning how to use R.

June 23rd & 24th

Best Western Primrose Hotel—Starlight Room

111 Carlton St.

Toronto, ON
